# Administration

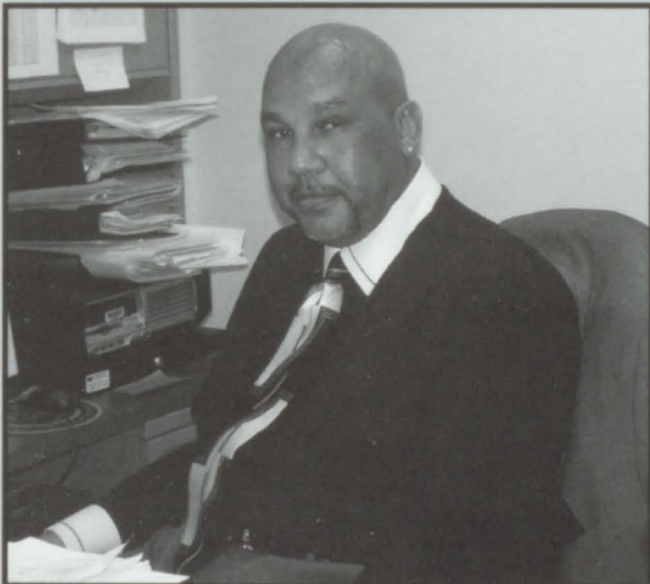

Congratulations to Class of 2007. You have the distinction of being the first graduating class of the new Science Park High School. As this awesome edifice represents an accomplishment built upon planning, effort, and perseverance, so does your graduation signify your hard work, sense of duty, and unflagging persistence. Your teachers and your parents take great pride in your achievements and deserve your gratitude for guiding you and helping you to reach your first great milestone. You must always remember that what you are, you are now becoming. Graduation is an ending of four years of education and study, but it is also a beginning, and you must realize you are not a finished product.

Your education continues, and you must learn more about the world, life, and most of all yourself. Others cannot dream for you, plan for you, or educate you. That hard work must be done by you alone. At times, you will feel frustrated, fearful, of believe you have lost your way, but be brave and never surrender your values, ideals, or goals because of an outside influence or pressure. You are an individual, and you must trust yourself and your conscience. If you have moral strength, you will find your way.

As you leave Science Park High School, do not leave behind all that you found here- your friends, your lessons, your teachers, and your accomplishments. Hold fast to your dreams, and strive to achieve them no matter the obstacles.

**Christine Taylor**  
*Principal*

**Madison Willis**  
*Vice Principal*

To the Class of 2007,

Four years have come and gone.  
Now you will be on your own.  
College, work or service bound.  
We will miss your shining smiles around.  
Hope we have given you what you will need  
To be all you can be to replant the seed,  
And to continue to grow in your future endeavors,  
Allowing you to become positive role models,  
Leaders and successful forever.

Good luck to all and never forget where you came from.

# Dedication

When you reach success, never forget where you came from. It nurtured you, cared for you, and shaped you into a person that appreciates life and what it has to offer. Where we have come from may not have been a pretty sight, but whether you liked it or not it sheltered us from adversity, and enveloped us in lasting achievement. We were bred from the best, a legend in its time. We may have had only three years there but you have to admit, among the holes in the walls, leaky ceilings, and flying insects, we excelled as a school and as a family.

We, the class of 2007, dedicate our yearbook to you, the original Science High School. The building where we bonded as a family, as a school, as one. The building where we had good times, bad times, and plenty of ugly times. Never forget the place where our journey began.

~Jentora White

## 40 Rector St.

## 260 Norfolk St.

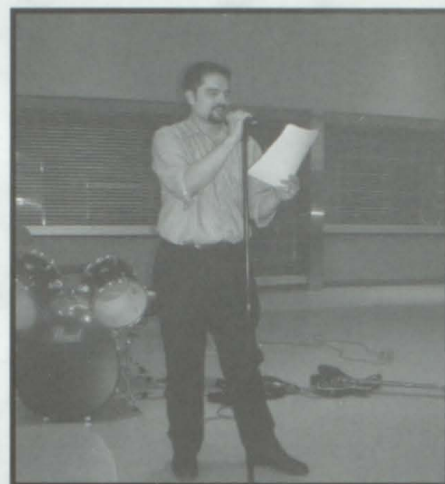

Our last year together, like all seniors, was a time to change. A time to get ready to experience a new life and all it has to offer. But we were different. It was the time to move on, to grow, and to experience what it would be like not to bump into people in the hallways, have an actual cafeteria, sit comfortably in the auditorium, and to have big classrooms. It was the time to stare in awe at the gigantic atrium that welcomed us into our new home. It was the time to learn in an environment fit for our everlasting success. We, the class of 2007, also dedicate our yearbook to you, our new home, Science Park High School, the place that gave us a true high school experience. The place that sheltered us as our long journey comes to its end.

"How lucky are we to have something that makes saying goodbye so hard", These 4 years were irreplaceable, a time that defined us all. I'll cherish the lasting friendships we've formed, the memories that will never fade & the crazy, fun experiences we'll never forget. We'll remember these days & realize, we had it all, above all we have each other & that's all that really matters. To my friends especially, thank you for the greatest of times. Here's to the class of '07....God Bless.

## Wanda Acevedo

These past 4 years were pretty rough but I have to admit that they were the BEST. I love all u guyz and I'm going to miss ya'll soooo much. The ONLY thing I regret is not getting to know u guyz better. Stephanie, Clifford, Taofikat, and GINOOO thank you for annoying the heck out of me and making me do my homework. You guyz are the best. We've overcome many things over the years and guyz the BEST IS YET TO COME.

This has been the best four years of my life. I have met some of the best people, the best friends, and the best teachers/mentors. At first I could not wait for it to end, but now as the time draws nearer to say goodbye, I don't really want to leave anymore. Thanks to all my sisters and friends, but special thanks to Natjack, TLee, and Nicholemele. LOL. I will miss you guys so much. Never forget me.

# Paulo Almeida

To those who have been there for me for all this time and even to those who I lost along the way, I would like to wish you a very productive and successful future. A special thanks to all my best friends that I've had in high school, despite it all I'm not ashamed to admit I learned from each and everyone of you. The memories I had at this school will never be forgotten.

Congratulations Class of 2007

Wow, can you believe it we finally made it!! Congrats to the Class of 2007, and good luck to all of you. I will truly cherish all of the memories we had.

# Jonathan Alves

Our journey has come to an end. Sadly we have hit a roadblock in our lives and we can no longer travel together. Unlike in the past where we conquered obstacles together, college is one obstacle we must overcome on our own. I'm going to miss all of you a lot especially those who I've known forever. I hope that we can all stay in contact with each other.

See you all in the future.

## Suyze Alves

Suyze Alves

We finally made it through four years of drama, rumors, and arguments. But in between all the hardships came friendships and memories. I thank those who stuck by me through the laughter and cries, those who pushed me to where I thought I would never be able to go, and those who made my high school years forever memorable. I love you, and you will eternally have a place in my heart.

## Janice Andrade

My years at Science High gave me the opportunity to experience new things, meet new people, and yeah, you know, the chance to actually learn. I'm going to miss everyone especially my teachers, who put up with my craziness through all these years. Here goes a shout out to Mr. Rippey, Ms. Yuson, Mr. G. and everyone else who made my stay here the best it could be. To all my friends, I love you all so much! Class of 2007, WE ROCK!

Why can't we get all the people together in the world that we really like and then just stay together? I guess that wouldn't work. Someone would leave. Someone always leaves. Then we would have to say good-bye. I hate good-byes. I know what I need. I need more hellos.

Hi Joyce....First, I wanna say I'ma miss The Class of '07. I wanna say thank you to the girls who stuck by me thru my whole 4 years. Rico(Nee Nee), Chico(Tae), and most of all Mama Nell(Nellie). Without the 3 of yall I wouldn't have made it. I also wanna giv a shoutout 2 Tia(my dude), Carl(My boo), Steven(My whiteboy), and Daisy(My whitegirl). Even though we only known each other for only 4 years I can honestly say I LOVE YALL!!!! And remember..To Forgive Is Devine. LOL

## Carl Barreau

Congratulation Class of '07!!! We finally made it and now we are on our way into the real world. I would like to say thank you to GOD, my family, Dante, Steve, Daisy, Latia, Cynthia and Pam. Without these people my SHS experience wouldn't be possible. To the rest of the people I didn't mention I love you also, so walk it out. Always try to strive for success! Class of '07 you know we stay fly no lie you know it ballin!!

## Leonie Barrett

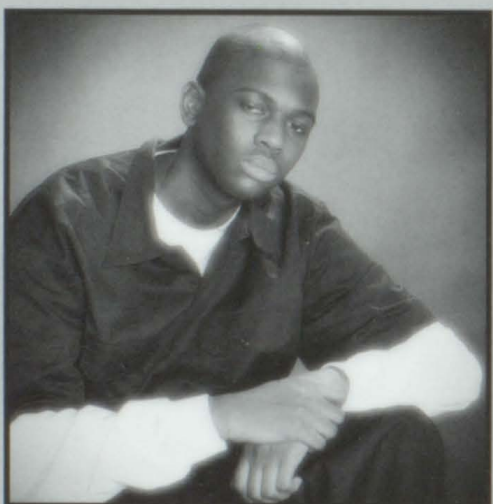

*Leonie Barrett*

To all my friends and family who stood by me no matter what, to the teachers who taught me important lessons both in and out of the classroom, thank you. Without all of you, I wouldn't be the person I am today. High school is full of memories I'll cherish forever and memories I wish I could erase, but I'm thankful for all of them. Even though it'll hurt to say goodbye, don't cry because it's over, smile because it happened.

## Tyquan F. Boyd

There's a lot of stuff I'm going to miss. For example, I will always remember the most racist people I have ever met. Now I don't like to mention names, but...RICARDO, STEVEN, AND ALDO are some of the most racist people I have ever met. But if they weren't we probably wouldn't be as close as we are. I'm also not going to forget Gerald intimidating every female in the building, or Dante being loud, country and ghetto, or Dami always throwing in his two cents in about everything.

I have never made it a secret how I felt about you all, so to write a blurb and tell you would be pointless. I do however want to give a final I LOVE YOU to all of you. Without you all, I could not tell what my high school life would've been like. It might have been like one of my horrible antisocial years in middle school. Luckily, you all prevented me from being that way.

These past four years have been a roller coaster because we've all had our ups and our downs. For some of us, it was a long and bumpy ride, while for others it was short and sweet. No matter what, always remember the class of 2007 and the good times we had. In the words of the cast of "Rent", "There's only us, There's only this, Forget regret or life is yours to miss...Life goes on..." and so do we!

What more can I say?... These past four years have all been about growth. Looking back on everything that I've been through, I'm not sure of any other way I could of spent my time. Shouts to the whole track team from '03 to '07 and beyond, to F4, and teachers and coaches. Much love to all my friends Mike, Okie, Young, Billy, Jen, Reena, Leena, Dante, Smoo and especially to the one that knows me the most, Gatita. It's been a crazy four years, but I'm lookin forward to what's next for me.

I want to start off by saying GOOD LUCK to the class of 2007, and I wish yall the best in future endeavors. To my teachers, I'm going to miss yall too. To my fabulous five, Allysha, Kiwi, Ashley, Salnisha and Simone, love yall. This is not a goodbye, but a see ya later, cause we ain't going no where. Special thanks my bio crew, Chris, LaChaundra and Kiwi and all my girls that's been with me I love yall, and God Bless."

## Dalila Cozart

Dalila Cozart

Although I haven't been at Science for the entire four years, I still feel like a part of the family. Everyone has shown me kindness and true friendship. I know that we all have the potential to accomplish amazing things in our future endeavors. Hopefully when we are all rich and famous we won't forget where we came from. To all the teachers, thanks for the love and patience! To all my friends, you rock, don't ever change!!

## Steven Da Silva

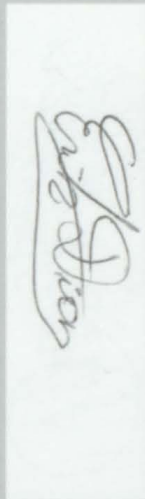

It was a real trip through those halls of Science, from wondering why they threatened us by taking away the lockers to finally getting a new school. I'll remember taking the 34 every morning with Tiago because we wanted to be stubborn, all those smoothies with Paulo, and Daisy, Carl, Ricky, Dante, Vanessa, and Maria for coming by my side and not leaving. Finally, thanks mom for everything and always being my extra push even if you didn't always see.

## Lauren Davis

I'm going to miss it. Just when it got better it ended. There were so many memories, from laughing to being angry, to being sad to being embarrassed, to having conflicts. Science was draining, but it was eventful. I hope college is just as bad. I'm going to miss everyone starting with all my closest friends to the people I treated mean (except for one person you know who you are). High school happened, and it's over...what more can I say.

## Erik Diaz

Congrats everyone! I especially want to thank the beer factory for its memories. Though we spent little time in the new prison, I've got memories that will last for a lifetime. Thanks for making me smile and stop being emo.

## Lucio Dominguez

To my fellow students, I thank you all the one of the greatest high school experiences anyone could ask for. You all have my respect, and I will miss you all. Once again, thank you for making my high school experience one to remember.

Good luck in the future. God Bless You All!

First, I'd like to thank God because without him I'd be nothing. These past four years of my life have been the greatest! As unfortunate as it may seem, now is the time to go our separate ways. Thanks to all my teachers and advisors that have made this experience worthwhile and contributed to my future success. I want to thank my girls, Christine, T.Lee and Tosha for being good friends. Class of '07 keep Ballin!!!!

## Daisy C. Escobar

*Daisy C. Escobar*

Finally we have made it! Just a few years ago i couldn't wait to leave SHS. Now as we come closer and closer to closing this chapter, I don't want to leave anything behind. To the ones who once were, and still are part of my life, I will forever remember you. All of you helped me grow as a person and a friend. Thank you. Good luck to everyone!! I will always love and remember the class of 2007.

## Inia Estima

I've only spent one year, walking the halls of Science, meeting new students, playing, laughing, and learning not only in classes but about myself and others. With me I take my memory of everything, because "memory is a way of holding onto the things you love, the things you are, the things you never want to lose" (unkown). Thanks Andreia & Cathy B.F.F!!  
I wish you all the best, lots of love and happiness.

Change- an inexorable constant that continues to mend our lives in any path we take. These four years of smiles and frowns have taught me to embrace change for the personal growth it has provided. I thank the new friendships, and the old ones that strengthened, for each peculiar memory shared that will accompany me through the barriers of time. Good luck to all in the future, and I hope that we never forget these early stages of our lives.

I wanted a perfect ending. Now I've learned, the hard way, that some poems don't rhyme, and some stories don't have a clear beginning, middle, and end. Life is about not knowing, having to change, taking the moment and making the best of it, without knowing what's going to happen next.

WOW! It's already been four years and it seems like yesterday when we were freshmen. These past years were my roughest and happiest moments of my life. I lost a few friends but gained many more in return. I gained wisdom that I'll take with me to my college years so I thank S.H.S. for this experience. It's been fun and I'll never forget the Class of '07. To my best friends Cynthia, Stephaine, Justine, and Stinkbutt: I love you!

# Jaleesa Jackson

I know yall won't believe this, but I am actually speechless right now! Over the past four years this class has been through a lot together. Despite the drama that WE ALL experienced I must admit that I could not have imagined spending this time with another group of people. High school is finally over, and we all have bright futures ahead of us. So the only thing left to say is I LOVE YOU GUYS!! Hope to see yall soon!

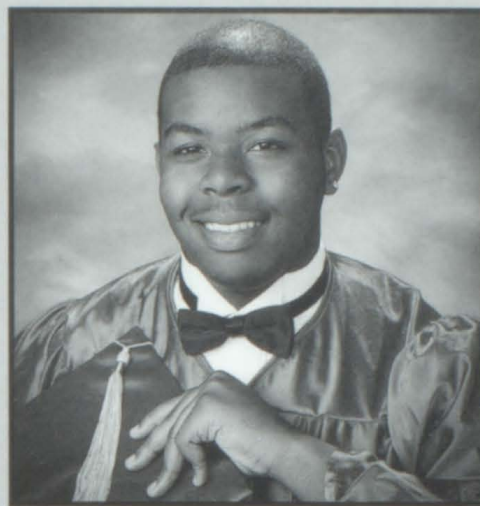

# Na'Tosha Jackson

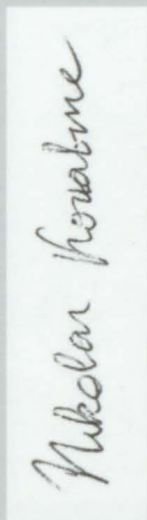

C/O 07 BALLLLLLLIN!!! We're like Roc-La-Familia; our dynasty will live strong throughout Science!!! It's so hard 2 say goodbye like Chris Brown said but we gotta make BIG moves!! So sad dat we only get a couple of words to write but I GOTTA give a shout out to my girls Tiaba, AK, Nicholemele, Junaba, Flo, & Amy I luv yall to death!!! To da rest, I luv yall too & now is not da end so keep pushin' it like Rick Ross!!!

# Dante Johnson

I want to give a shout out to my best friend in the world Kiwanna. Ima give a shout out to my fam Carl and Steve. Next, ima give a shout out to all my homies. Everyone that's crossed my path throughout my four years at Science has helped to shape who I have become. Whether it was falling into a huge puddle face first, getting your new favorite jacket dirty because of me, or just being the brother I never had, you've made high school unforgettable. Most importantly, I owe it to my parents who through the years have been there to understand and support my decisions as well as guide me in the right direction.

These past four years have been great. Despite being absent practically every Monday and Wednesday, I still found time to maintain decent grades, as well as awesome friends. To Xavier, Erik, and Mike.. I dont know what i would have done without you guys. You're all like brothers to me, and although we are all very different in various ways, we still get along like a family. And to the rest of the graduating class, good luck, and I hope you all lead very successful lifestyles.

## Jessica Mejia

I cant believe its over! I want to leave, but something inside of me still wants to stay. After all, I have the most unforgettable memories in high school. No regrets! I wonder where time has gone I guess when you have fun time passes quickly. The best years of my life have been at Science. So many memories and moments that I have shared. I met my best friends and that is something that I will always remember. Yeah I am leaving Science High but my heart will forever stay in the packed halls and dirty classrooms even if we moved to the new SCIENCE PARK HIGH SCHOOL.

## Eduardo Ortiz

Well my four years at Science High have been some of the greatest years of my life. I met some great people here, and I hope to keep in touch with them no matter what happens. I don't need to mention names because they already know who they are. I hope everyone is successful in their future careers and the best of luck to the Science Park High School Class of 2007. I'd like to really thank my family for **EVERYTHING**.

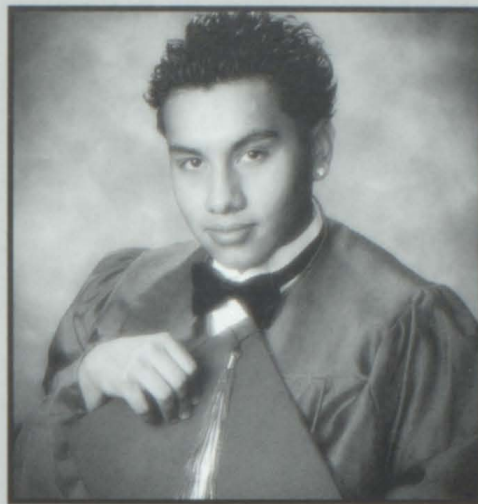

## Erika Ortiz

When I first got into high school I wanted my years to just end but now that they have, I want to go back. These 4 years have been the best. So much has happened, there was drama, crazy times, tears, and the BIG MOVE. I can't believe I'm going to say this but I'm going to miss WACKY Science Park High School. Thank you for an experience that I will never forget.

## Boniek Perez

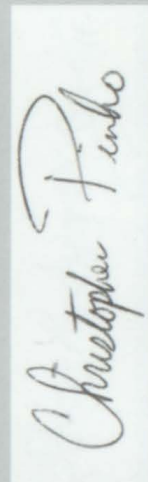

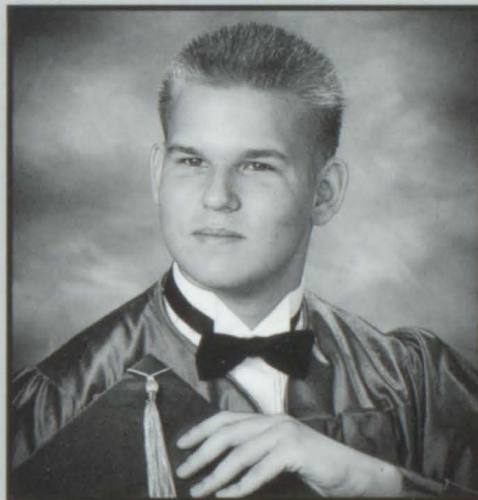

Wow! I can't believe I'm finally graduating High school. I'm so happy this time has finally come. But I'm also a little sad knowing that many of us will go our separate ways and probably never see each other again. During my time at Science I met some wonderful friends and teachers, which I learned a lot from. Had some of the best times of my life. I will never forget the people and the experiences I had at Science.

## Jana'e Pesante

Well Science it's a wrap! Seems like just yesterday I was a sophomore coming through your doors, without a clue of where I was going, whose class I was in, or who anybody was. I must admit there were times where I just couldn't wait to get out of here, but now that the time has come I've realized that I'm going to miss ya. We had some bad times; some good times, many memories, and I will never forget the people who made coming to school worth while.

## Christopher Pinho

Isaias, Ricardo, Boniek, Mitchell, Kiwana, Joao; I couldn't have made it through 4 years without you. From throwing paper balls at Isaias in Algebra, watching Boniek get in a fight over a brush he didn't steal, locking Joao in a locker and leaving him there when the bell rang, Ricardo putting that picture of a Baywatch dude inside my locker, Kiwana making me laugh everyday in Bio, Mitch being jealous. It's been awesome. Be proud to be Class of '07.

It's been so long since I was a freshman. Walking into 40 Rector Street. While walking the hallways each day there were many different people looking back. No one was the same, everyone was unique in their own little ways. I remember when I was a freshman people used to talk about my "slick back." I am all grown up now. Well at least I think I am. Who knew time would pass by so fast. These days were good, and I never want to leave them behind. They will be the best memories of my life.

- Life's pretty good, and why wouldn't it be? I'm a pirate after all ;)

## Stephanie Velez

"Everything will come and pass, but memories will last a lifetime." I'm so glad to be a part of the #1 high school. Although it was a bumpy road it was worth going through. I'm going to miss you guys, even the people that I didn't really talk to. Hope that all of you get into a great college and that you all will become successful adults. The people that I'm going to miss the most is Taofikat, Gino, Wanda, and Boniek.

## Emily Vila

Life is as fast as a speeding baseball, so don't hold back on all your wonderful dreams and goals!

# Ming Rong Weng

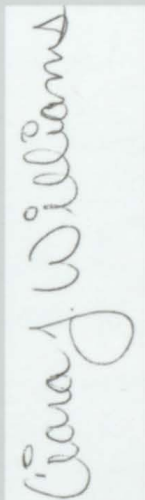

Be of good cheer. Do not think of today's failures, but of the success that may come tomorrow. You have set yourself a difficult task, but you will succeed if you persevere; and you will find a joy in overcoming obstacles.

# Jentora White

Love you all and good night!!! lol nah, I'm going to miss you people, especially my family; the crazy times we had in the old school, the memories, and the crazy times in the new school. \*Tear\*. Awww, I love you guys, got on my nerves in more ways than one but I love you guys, and I'm going to miss you soo much, that is, until I hunt you down. Got love for ya everybody!!! Good luck!!

# Ciara Williams

" I would like to thank all my teachers for preparing me for the future. I would like to give a shout out to all my Science heads who have truly been there for me since freshman year. All those who didn't like me, OH WELL!!! Get Over It!!! I just want to let everyone know- All Haters Fall Back!"

# Serena Williams

To everyone I want to say "Good Luck And Congradulations. We made it!" To all of my friends I want to say I love you and I will never forget any of you. To all of my sisters and brothers, I hope you guys never forget all the things that we have accomplished and gone through together! O yeah... And don't forget my special little sugar rushes on the third floor at 40 Rector Street ( My Forever Science High.)

# Tamara Williams

*Tamara Williams*

As I begin another chapter in my life I will never forget what I have accomplished in the past four years. I want everyone to remember where they came from as they venture off into the world. It is up to you to take your past experiences and make a difference. I challenge you all to write your own story! "Until the lion learns to write his own story, the tale of the hunt will always glorify the hunter."  
-African Proverb

# Mecca Wright

*Mecca Wright*

To those that I will never see again and see you later to those who I will see again. I am so excited to be on my way out the building. We had our good times, and we had our bad but graduation day, we'll think about the good times, well at least I know I will.

--Love Ya

# Simone Wright

*Simone Wright*

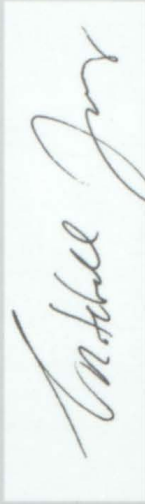

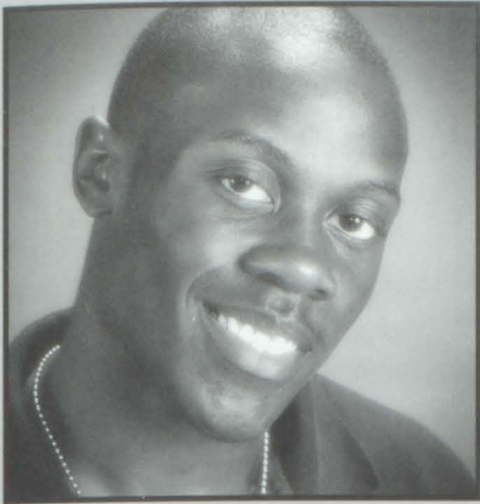

I would like to shout out the fabulous five, Kiwi, Adrienne, Allysha, Salnisha and Ashley, I love you girls so much. Thanks for making Science fun. For real though I know ya'll gonna miss me cuz' where yall gonna find a friend as crazy as me or KIWI!!

--Love Simone aka Simon

## Mitchell Young

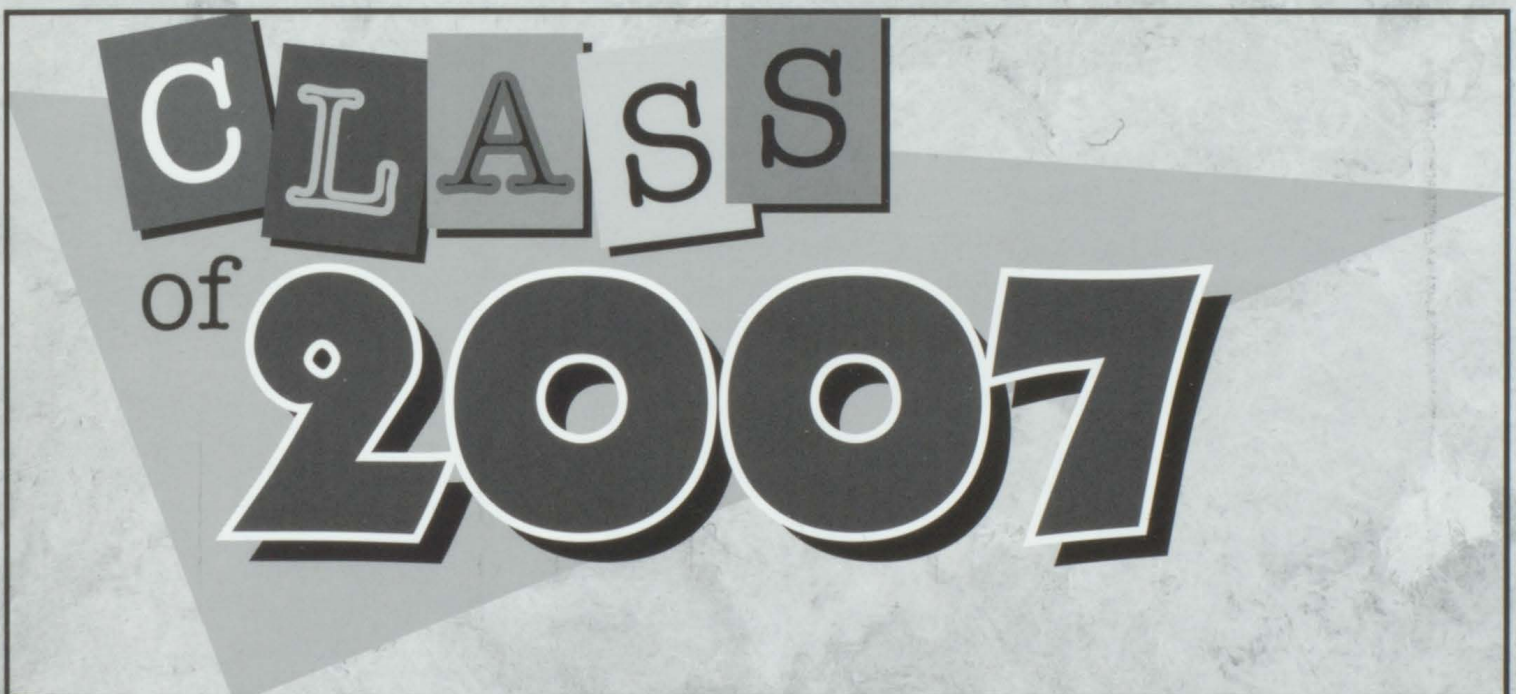

WOW!!! I can't believe its almost over; high school is coming to an end. It seems like yesterday I was just a freshmen, now I'm all grown up. This goes out to all the ones I loved, the ones who loved me, and the people who I've kicked it with over the years. Much respect to all of ya'll and keep ya head up. To all my coaches and teachers, Thank you and much love. Class '07, stand up.

## Jhoanna Zavala

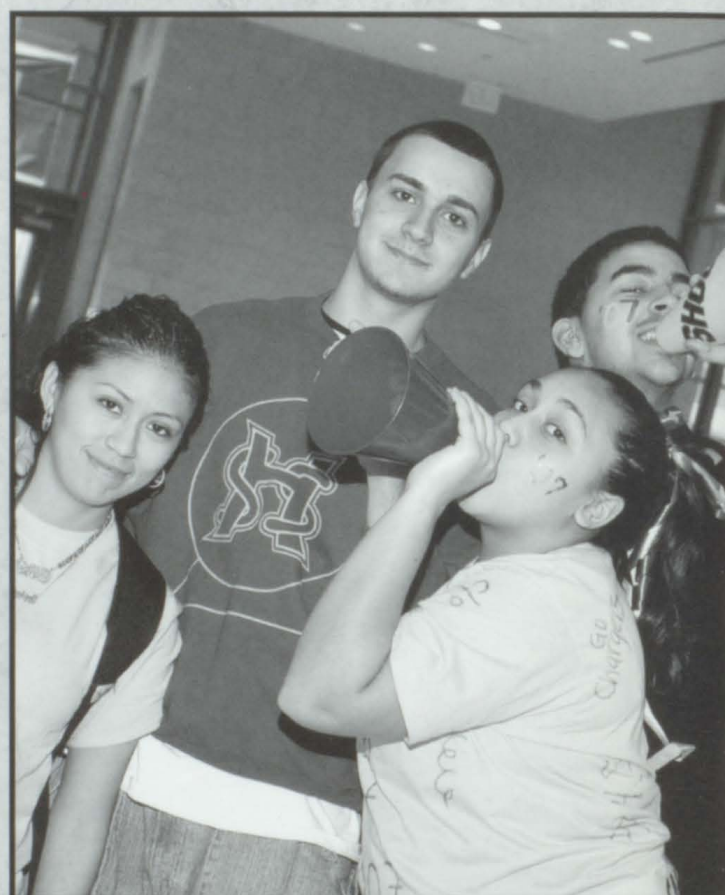

Laughing, smiling, crying, getting in trouble, crowded hallways, insiders, studying, procrastinating but the word that sticks out the most when I think of Science High School is friends. I'm glad I met all you people, you honestly made these four years unforgettable and so much fun! Thanks. I wish you all the best of luck in the future. Love ya!

# Looking back, Moving forward

# Remember When...

We started our first day of high school at the bridge program...MTV filmed "True Life"... all of section 2 left school and got caught by truancy... the cafeteria at Rector St. had a flying roach...we were promised a new building **every** year... everyone left school Junior year and protested at 2 Cedar St. and City Hall... we had two class elections during our junior year... we would be excused from having our books because the locker room was flooded... we always chose to go to Poppy's truck... we went out for lunch when we were not allowed out of the building... we got sugar rushes when seniors were allowed to sell candy in school... we would get stuck on the elevator and on the fifth floor at 40 Rector Street... we went to the library at 40 Rector every day and never took out a single book... the whole school was on lock down because we didn't turn in our lunch forms... the third floor smelled like urine... the girl's soccer team won their first game... we used to have the slushy and pretzel machines... we fought to get better lunches in the cafeteria... we had to put up with all the broken, missing chairs in the auditorium... 109 was our second cafeteria, in fact, remember when the whole school was a cafeteria...Remember our first day at 260 Norfolk, being in awe and getting lost...

To the Class of 2007, Always remember the unique moments we shared as Science High School students. We will never forget our Science High family.

Picture Perfect

Help! I'm drowning on air!

Ms. Santos joins the peer leaders.

We're so tired. Five more minutes!

Give Tamara some time to think.

Now walk it out!!

Huddle up!

This looks like the hokey pokey.

Remember playing  
Uno and drinking  
tea by the  
fireplace.

Let's go to the lake  
tonight and tell  
ghost stories.

This view is beautiful.

You girls look cold!

Uh-oh. I'm stuck!

Promise to never let go.

Everyone gets together for a group picture!

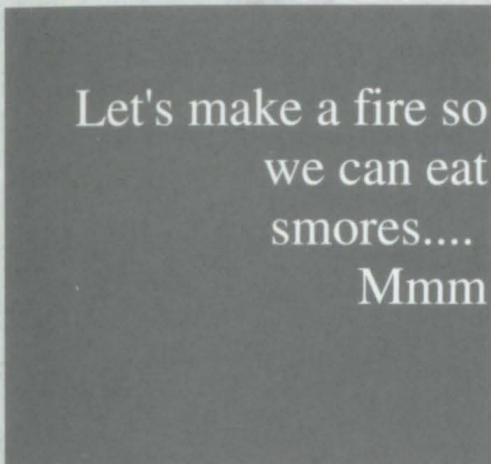

Hey Liz. Stop looking at the camera.

I bet you don't know how this works.

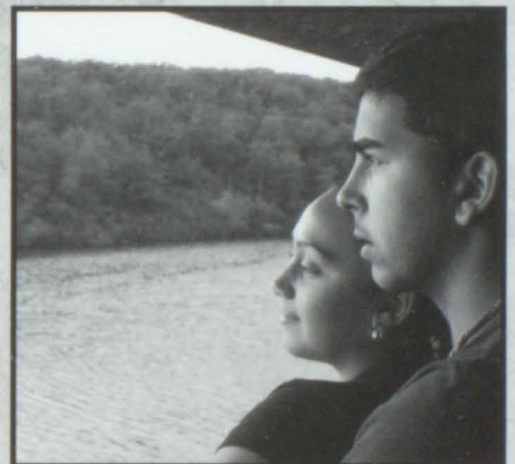

June can never stay still!

Let's make a fire so  
we can eat  
s'mores....  
Mmm

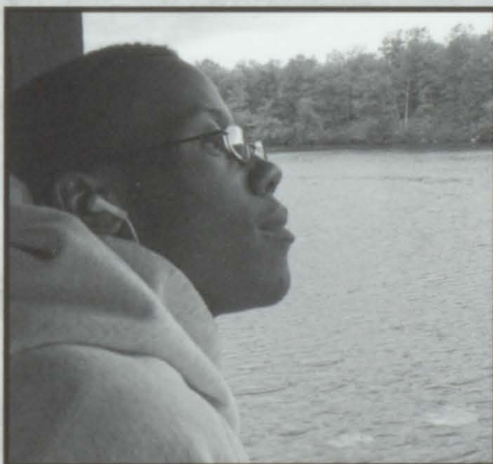

Samantha, just how beautiful is the view?

Enjoying the view?

They're paying close attention.

So how should I take over the world?

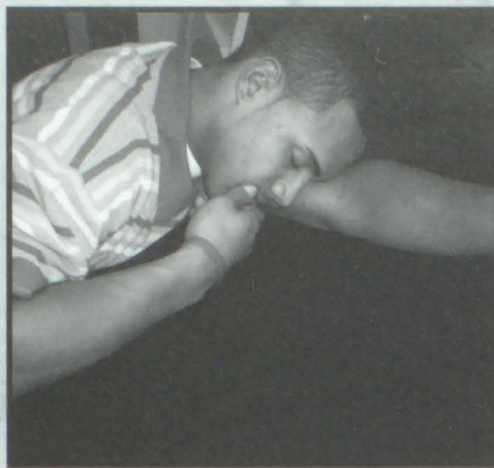

...And everyone knows I'm

Peace.

We can finally go out for lunch!

What class is this?

Do I have enough for Poppy's truck?

We finally have lockers!

Doesn't that hurt?

It began as a two person picture.

eMELy

-Lets go out for lunch.  
-Sure.  
-Uhh, hold on, we  
can't do that anymore.

Don't feel like smiling?

# CROSS COUNTRY

The Science Park Track and Field team has had several highlights, most of which came from Senior Captain Mitchell Young. Mitchell qualified for the prestigious New Jersey State Meet of Champions in the High Jump and in the 55 meter dash. He remains the Colonial Hills Conference record holder in the 55m dash. Mitchell has been an integral part of the teams success in the last four years. He is the heart and soul of the team. On the Girls side, Freshman standout Erica Roberts placed 9th overall in the County and Group I 55 meter dash, the highest finish for the school in three years.

# BOYS' BASKETBALL

The Science Park boys' basketball team completed its inaugural season at our new school with a record of 25-3. This result included a second consecutive Newark Xmas tournament championship and victories over traditional South Jersey power Atlantic City High School as well as Newark rivals East Side, West Side, University, and Technology High Schools. An upset loss to Montclair High School in the quarterfinals of the Essex County Tournament and a disappointing 78-74 loss to #5 ranked Bloomfield Tech in the sectional championship game of the state tournament did little to dampen the enthusiasm and excitement experienced during the season, and our #10 ranking in the Star Ledger state top 20 offered itself as proof positive that once again we were one of the state's best teams. Congratulations on a job well done!

Coach Gaylord, Rameel Johnson, Kenneth Ortiz, Anthony Graves, Michael Wogwuwu, Adrian Alcantara, Kason Frierson, Stephen Lighten, Stanley Elliot, Robert Byrd, Khalif Jones, Tevin Barber, Anthony Baskerville, Rashid Gaines, Marquis Jefferson

# BASEBALL

A young Science Park baseball team will be led by only four seniors this year. The team will try to improve on its 10-12 record from last year. Senior Captain James Fernandez, an honor society Member, should have a break out season as he and Xavier Lobo are the two four year players on the team. They will handle the pitching and catching responsibilities this year as well as assisting in the infield. Seniors Aldo Lopez and Isaias Vasquez will use their skills as outfielders to assist the team. Hopefully, they will use their maturity to help the team reach our goals.

### ***Drama Club***

Senior Members: Joseph Medeiros, Jana'e Pesante  
Advisor: Ms. Handelman

The Science High School Players, our school's Drama Club, provides an opportunity for all students - whether experienced or beginner, outgoing or shy- to have an enormous amount of fun as they develop performance skills in acting, dance, singing, and directing. Club members learn to use their feelings, energy, sensitivity, and intelligence in the creation of character, and they learn to experience their voices and bodies as instruments. They explore a variety of acting techniques and they perform in improvisations, theater games, monologues, and scenes. Each year, the Drama Club presents a full-scale production, complete with staging, lighting, costuming, and audience. Our productions so far have included *The Crucible*, *The Madwoman of Chaillot*, *South Pacific*, *Grease*, and *Fiddler on the Roof*. The Players are under the direction of Alberta Handelman.

### *Policy Debate*

Senior Members: Chris Pinto, Kevin Cenac  
Advisor: Mr. Mitchell

The Science Park High School Policy Debate Team was very successful this year, especially on the local and state levels. Science Park captured its third consecutive Varsity State Championship with Seniors Chris Pinho and Kevin Cenac taking first place, while Junior Pamela Chomba and Sophomore Andrea de Sa took second place as well. Freshmen Joyce Taylor and Kylah Broughton took the Novice Policy State Championship. Science Park also won local tournaments at University H.S., Vocational H.S., and at Enterprise and Business Institute of Brooklyn, NY. Science Park also had a strong year competing nationally, highlighted by Pinho and Cenac advancing to the Varsity Round of 32 at Lexington, Massachusetts, and de Sa and Taylor advancing to the Junior Varsity Final Round at Lakeland, NY.

The Science National Honor Society, founded a mere two years ago, has represented the true vision of Science Park High School: to encourage and recognize scientific and intellectual thought as well as advance students' knowledge of classical and modern science. The motto of the society is a famous quote uttered by Virgil, "Fortunate is one who understands the causes of things." For the past two years, the SNHS has kept true to this motto in its efforts to provide various opportunities for the student body to enhance its knowledge of all things science. The class of 2007 has been crucial to the expansion of the SNHS programs and will forevermore have a place in the society - hopefully as presenters and contributors in the near future.

In addition to the Calculus Team, these aspiring mathematicians hope to keep our 1st place tradition strong and take their skills to the county level. They have met weekly to practice for the big day, during which they will tackle both written and buzzer-round challenges. These students will compete in the categories of Algebra I, Geometry, Algebra II, and Trigonometry.

Serena,

It seems like only yesterday you were born. While I held you in my arms I remember you looking into my eyes smiling and I smiled back. Today I think of how special you are to me and all of the hopes and dreams I have for you. I've watched you grow from a small child into a beautiful young lady before me. We may not always see eye to eye but remember that I will always be by your side. Today...Tomorrow...and always...You have crossed the river. The ocean now lies before you.

Love,  
Mommy

Shallena,

You came into my life just a few short years ago...When you arrived I knew you were truly a blessing from God. It is said that people come into your life for a moment, a spell, or even a season, but the special memories you hold near will forever remain in your heart. May God bless and keep you now and always.
